## **CyberSecurity and Cyberbullying**

### **Romanian Legislation**

# General Framework

## National Cybersecurity Strategy, 2022-2027

- Adopted by [Government Ordinance No. 1321/30 Dec. 2021](#), along with the [Action Plan](#) for its implementation
- It provides the general framework for national preventive and fighting cybersecurity measures and details the institutional and normative framework for increased resilience
- It introduced the **National Directorate for Cybsecurity** (DNSC), that was established by [Extraordinary Government Ordinance No. 104/22 Sep. 2021](#) and took over the responsibilities of CERT-RO in this particular area

# General Framework

## National Directorate for Cybersecurity (DNSC)

- It is not only an institution actively involved in fighting cybersecurity risks, but also in education and prevention on this topic
- It coordinates the national transposition of EU legislation concerning cybersecurity (for examples, NIS2)
- Provides guidance to public and private organisations on cybersecurity
- It offers educational materials on [data protection](#) and many other subjects that contribute to a higher level of individual and organisational cybersecurity

# Cybersecurity

## European and national legislation

- [Law no. 362/28 Dec. 2018 for ensuring a high common level of security of computer networks and systems](#), establishes the specific framework and responsibilities of several public authorities that are involved in cybersecurity (DNSC, CERT-RO, etc.)
- [Extraordinary Government Ordinance No. 104/2021 establishing the National Directorate for Cybersecurity](#)
- [Government Ordinance no. 494/2011 establishing National Response Center for Cybersecurity Incidents \(CERT-RO\)](#)

NB: Romanian Government is currently developing the cybersecurity legislation and new acts are expected to be adopted in the coming years
