

Liceul Teoretic
Dante Alighieri

Protect Your Digital Way Today and Tomorrow!

No: 2019-1-RO01-KA229-063784

The Romanian Project Team

Funded by the
Erasmus+ Programme
of the European Union

Presentation of the project in facts and data

Where?

In the partners' countries:

Romania, Greece and Turkey

In the involved schools : Liceul teoretic „Dante Alighieri”, Geniko Likeio Alikianou and Adana Bilim ve Sanat Merkezi

When?

For two years, from the 1st of September 2019 to the 31st of August 2021

Who?

Direct and indirect beneficiaries:

90 teachers, 300 students and approx. 600 parents from all 3 countries

How?

By organizing 3 project meetings, 3 training sessions for teachers and 3 short term exchanges of students from all 3 countries.

General topic and aims of the project

The general topic of the project?

Cyber Security. Cyber Bullying.

The students' safety from the partner schools, aged 12 to 16 years old, in the online and offline environment.

The aims of the project?

1. To raise the students' awareness related to the possible safety liabilities on the Internet.
2. To raise the level of information inside vulnerable groups related to current digital threats.
3. To promote gender equality.
4. To create work and career opportunities for vulnerable groups.
5. To create an innovative curricular framework for Cybersecurity, for students aged 12 to 16 years old.

Tangible results - Short Presentation

Awareness and prevention campaigns for the Cyberbullying phenomenon and affiliated digital threats, under the form of scripts, movies, theatre pieces, drawings and digital animations, cybersecurity and cyberbullying handouts, accompanied by presentations, videos, interactive dictionaries, evaluation instruments, a database of questionnaires and related interpretation on safety on the Internet of students and parents, brochures and promotional flyers for the project and its activities, encryption codes, the project's website etc.

Extra Benefits

30 participants with fewer opportunities, economic and/ or social difficulties, will be involved in the implementation of the project.

The project's visibility will be ensured by the Facebook page, the You Tube channel, by the dedicated website, by the individual websites of every school partner involved and by the dedicated TwinSpace on the eTwinning platform. The project teams from the three involved countries aim at disseminating the project's results to be obtained by participating at specialized events from US and Europe.
